

**WELL PUMPS®**

## WPS Submersible Pumps Type 3"WPS-CP 3

**Stainless Steel Submersible pumps 3"**

Well Pumps are proud to present their latest development:

3" stainless steel high speed submersible pump giving a guaranteed constant pressure supply.

The 3"WPS-CP pump is supplied as a complete kit consisting of: high speed pump with motor (operating up to 8.200rpm), frequency control panel, 20m cable, 8 litre pressure vessel, pressure gauge and valve.

The pump is entirely made of stainless steel and equipped with special bearings designed for high speed operation.

Type	Reference	Pump Stages	Power	Motor		Constant Pressure Control Panel	Pressure Vessel	Pressure gauge
				Max Speed	Cable length			
3"WPS-CP 3-15	030151	1	600 W	140	20 m	yes	8 l	yes
